Nature of Complaint:

Docket No. E-04204A-12-0504

I just received a utility comparison from UES comparing my electric usage to that of my neighbors for the last month and for the last year.

I went their web site, that was listed in the report, and found out that UES is asking for a rate increase from the Corporation Commission in order to keep producing this report. NO !

UES provides me with my power usage every month in the regular bill. I can also compare MY usage to the previous month and for the last 12 months.

I do not wish to be rude.....but.....

- 1) I resent being told how much electricity I use compared to my neighbors. All families are different and have different needs for power usage.
- 2) As long as I pay my bill to UES on time, that should make them happy.
- 3) This report smells of "big brother".

And last but not least, it's a waster of paper. I know MY power consumption and that's all I care about. For UES to ask for a rate increase from the end users so they can go on and keep creating this absurd report is beyond comprehension. I know a lot folks here in this city are quite upset with this report.

I would ask that their request be denied.

Thank You for your time.
